LOOSING UP SOME

Quarantine About New Orleans Being Modified.

CONFIDENCE IN WHAT AUTHORITIES SAY

Moving Day, Which Comes on October 1, Will Probably Be Delayed Thirty Days.

GREAT INTEREST SHOWN IN SANITATION.

New Orleans, Sept. 2.—The faith that the country outside of New Orleans has in the reports of the Marine hospital service is beginning to be shown in the modifications of quarantine. Only here and there are communities tightening the restrictions, but now that the pace has been set it is expected that there will be general modification in the second half of the present month if there is no unfavorable turn in the situation. An instance of returning sanity is shown by Manchac, La., which has removed its restrictions expressing confidence in the work of the men of science here. Lafayette, La., is so convinced that it is possible to control and stamp out the fever if taken in time that it has revised its regulations. Other towns are taking similar action. Gov. Vardaman has highly commended the work of the Marine hospital service, and has asked Surgeon Wyman to give his co-operation in the movement of freight out of Natchez and Vicksburg. Early in the excitement Gov. Vardaman commended the prudence of the citizens of Mississippi in accepting freight from New Orleans, but the success of the campaign that has been fought by Dr. White has modified his views.

To Postpone Moving Day.

October 1 is moving day in New Orleans. There is some apprehension that extensive moving on that day all over the city may militate against the good work that has been done. Dr. White and the parish medical society are considering an appeal to landlords and tenants to postpone moving for thirty days, as was done in 1897.

Excellent work has been done for the past six weeks by the negro population of New Orleans. Leaders of the race together with the ministers, have preached to their people the necessity of obeying the rules of the authorities, and the advice has been generally followed. Colored physicians have promptly reported cases and taken all precautions. Dr. White said he desired to praise the energy and intelligence displayed by the negroes, which had been of material assistance in the campaign.

Three hundred tons of sulphur have been burned in the ancient civil district court building, which has been surrounded for weeks with yellow fever cases. The work of disinfection in the building has been thorough. Lawyers generally have been giving the building a wide berth, and transacting their business in many instances by messenger and telephone.

Will Improve Sanitation.

Great interest in sanitation has been developed in New Orleans by the fever visitation and it is expected that with the passing of the fever there will be legislation that will tend to a vast improvement in local conditions. There is a demand that hereafter there shall be specific attention directed to the crowded foreign quarters wherein the fever started this year, to the end that the authorities may at all times be in touch with the health conditions of these localities. In connection with sanitation, a meeting has been arranged to take place on Monday evening in the city council chamber, at which Prof. Boyce, of Liverpool, will speak, telling of sanitary methods in Liverpool and the other British cities. Mayor Beheman will preside.

The Rev. Father Widman, of the Jesuits, has returned from Patterson and Riverside, St. Mary parish. He went there with Marine hospital officers and speaking Italian fluently, was able to do excellent work among the people of the infected districts of both places.

AMERICANS OBJECT TO BEING QUARANTINED.

Havana, Sept. 2.—Walter F. Logue and W. H. Higgins, both of Youngstown, O., escaped from the quarantine station to which they had been sent on arrival from New Orleans. Later they appeared at the American

legation and asked for protection against the requirement that they remain in quarantine five days, alleging that the food and accommodations were bad. The legation detained the two men and notified the officers, who promptly took them to the Trisconia station.

GOING DOWN IN A SUBMARINE

William Won't Let Our President Get the Better of Him.

Kiel, Sept. 2.—A new submarine boat of 100 tons has just been launched from the Germania wharves.

It is intended to rush work on it as much as possible, as Kaiser Wilhelm has signified his desire to go down in it before the coming of the winter.

The Kaiser has taken a deep interest in submarines ever since his interview with Simon Lake, and the present boat is declared to be of that type. Two features mark the Lake type of submarine—their ability to go to great depths and to run along the bottom on wheels operated with interior machinery. On the bottom the wheels steer the boat in much the same way that the forward wheels of an automobile guide it on a road.

The Kaiser is declared to be desirous of studying the Lake boat from the viewpoint of practical experience. For hours he has "pored over the plans of the boat, and he has now mastered every detail of its construction.

ALMOST SUFFOCATED.

Fire Destroys Ferguson Residence at Murray.

Murray, Ky., Sept. 2.—The large frame residence of S. J. Ferguson was discovered on fire yesterday at 12:30 o'clock. The fire had gained such headway as to be impossible to save the structure or contents. The family barely escaped with their lives. Mrs. Ferguson and son, Clifton, being slightly burned and almost overcome with heat and smoke. There was insurance of \$3,200.

PRINCE WOLINSKY

SAYS JAPAN GOT THE BEST OF RUSSIA.

Talks Like He is Sore, Yet He Tells Much Which is True.

St. Petersburg, Sept. 2.—"The Japanese consented to the peace terms granted Russia because they got all they wanted," said Prince Wolinsky to your correspondent. "Stories to the effect that Linewitch overawed them and that Witte fooled them is ridiculous. The south half of Sakhalin Island, Korea and the Liao Tung Peninsula treble Japan's territory and Port Arthur with Dainy is the best port possessed by the Japanese. By returning Manchuria to China, together with the Chinese Eastern railway, Japan will clear a million of roubles (\$50,000,000). Furthermore it has secured valuable fishing and hunting rights in Siberian waters and much cash under various headings. Not the least of its gains is its preponderant influence in the far east, to say nothing of its prestige throughout the world.

"All these things we have lost, besides much treasure and many lives. We were well equipped for prolonging the war. We had 500,000 soldiers with abundant supplies already at the front. Russia would not have risked losing anything, while it had a chance to gain nothing more and it stood a chance of losing everything. Witte's claim that Russia remains a great power in the far east is absurd. Our influence in the far east is gone forever.

"Yet peace is welcome on account of our interior troubles. These will now subside for a while because the business revival will provide plenty of employment, thus reducing the revolutionary forces. Witte will bring back peace and plenty of American money, will become premier and will reconcile the business interests. He will disband the Manchurian army and pay it handsomely. By establishing peasant banks he will quell the agrarian troubles. In the meantime Gen. Trepoff's Cossacks will attend to recalcitrant Zemstvoists. Thus the great tragedy is sending in the triumph of the czar and the bureaucracy."

M. Witte, the Russian envoy, is to visit New York by invitation of the Metropolitan club and be banqueted. He also expects to visit Chicago and other leading cities while in America.

MAY SIGN MONDAY

Peace Treaty Between Russia and Japan Completed

HITCH OVER DIVISION OF SAKHALIN SETTLED.

News of Agreement Has Reached Russian Army, but Has Not Been Officially Announced.

WIRELESS MESSAGES SPREAD PEACE NEWS.

Portsmouth, N. H., Sept. 2.—The peace treaty between Russia and Japan is all but ready for the signatures of the envoys and the ratification by their respective governments. The treaty was completed this afternoon, the two articles left over from last night having been completed. Two calligraphers from the state department are already here to begin the work of engrossing, and everything now indicates that the ceremony of signing the treaty can take place on Tuesday, at the latest, possibly on Monday.

The statement in the Associated Press dispatches last night, that the series of conferences, which continued until almost midnight, related to differences over the article concerning the division of Sakhalin, is fully confirmed. The Japanese at first were inclined to be obdurate, but an arrangement, mutually satisfactory, was provisionally agreed to and it was ratified by the chief plenipotentiaries during the day.

News of Treaty Reaches Manchuria.

Gunsu Pass, Manchuria, Sept. 2.—Between the peace plenipotentiaries was printed in Friday's issue of the army organ, but M. Witte's message was held over for tomorrow.

From various sources the news of the agreement percolated into the communities at Kichiatin and Gunsu Pass August 31, but comment was withheld pending military sanction for its publication, and the news is yet too vaguely known or realized to note its effect. Arrangements, however, have already been substituted for the establishment and maintenance of a neutral zone between the armies pending their demobilization. The army has had ample time to accustom itself to the idea of peace.

Peace News on the Ocean.

New York, Sept. 2.—How the news of the Russian-Japanese peace agreement was flashed about the Atlantic ocean and received by vessels still several days out of port and hundreds of miles beyond direct communication with wireless telegraph stations on land, was reported by the steamship La Lorraine, which arrived here today. Last Thursday, while La Lorraine was about 800 miles east of New York, the peace message was suddenly caught on its wireless instruments, and the sender was learned to be the steamship Kron Prinz Wilhelm, bound for Europe, and already about two days out of New York harbor.

DRIVEN BY CONSCIENCE.

Ohio Man Admitted Murder to the Lexington Police.

Lexington, Ky., Sept. 2.—F. W. Golden, aged 27 years, a resident of Ironton, O., walked into police headquarters here last night and confessed the murder of John Williams, of Huntington, W. Va. Golden says he only had known Williams a few hours when they fell in with a woman, and all three decided to go to Huntington. They boarded a box car. A quarrel arose between the men over the woman, and he shot Williams through the heart.

Golden says he and the girl rolled the body out of the car and down an embankment into a small stream. He left the girl and boarded an interurban car for Huntington, where he spent the night, and next morning came to Ashland, Ky., thence to Winchester, where he took the Lexington & Eastern train Wednesday morning for Beattyville. He said his conscience caused him much trouble and he decided to give himself up.

Chief of Police Reagan wired the officers in Williamson, Kenova and Huntington, W. Va., telling them of the confession and asked that an officer be sent here to take charge of the man. Golden says his mother, Mrs. H. W. Rodenberger, resides with his brother and younger sister at Harwood, W. Va.

DIES IN MANILA

Major T. E. Moss Expires In Far Away Land.

SAD INTELLIGENCE RECEIVED YESTERDAY

Life Long Honored Citizen of State and Many Years Esteemed Resident of Paducah.

REMAINS MAY BE BROUGHT HERE LATER.

Maj. Thos. E. Moss is dead. This sad information was received here yesterday morning and came in a telegram to his son, Dr. Thos. E. Moss, the message having been sent by Mrs. Marie Moss Wheat, daughter of the deceased and brother of Dr. Moss. The message was a cable and briefly said, "Father is dead." The hour of the arrival here of the cable would indicate that Maj. Moss died either Friday evening or that night. Dr. Moss having left the city several days since to join his father and sister in Manila and take up his residence there the message could not be delivered to him, but it was placed in the hands of relatives of the deceased and soon became known to the hosts of friends of the departed throughout the city. It seems useless to repeat that the intelligence was learned with pain by the hosts of friends Maj. Moss had in Paducah, for he was among the most esteemed men who ever resided here; but the few words which make up the first sentence in this article were passed from mouth to mouth of friends with much feeling manifested.

In April last Maj. Moss, at the solicitation of his daughter, Mrs. Wheat, who had been living in Manila for a year or more, decided to go to the Philippines, capital hoping to benefit his health. He had for years been a great sufferer from chronic troubles, though few of his closest friends knew this, and the death of his wife, only recently, had seemed to aggravate his condition. Though many friends hated to see him go so far away the trip was urged for the good it might do. Occasional word from him to friends here had created the idea that he had made a good move, but it seems that such was not the case. The final summons had been deferred and came when those here the least expected it.

Just before his departure Maj. Moss met with his war associates who are members of Walbert camp Confederate veterans and addressed them most feelingly. He seemed to divine that he would never again have the pleasure of meeting them in life and the talk he made left but few dry eyes among his hearers. He declared that no matter where he went he would never forget a one of them and said that it was his wish, no matter where he might die, that his body be brought to this place and laid at rest under the auspices of the camp. If his wish in this regard can be complied with the remains of the deceased will be brought here in due time for burial.

Biographical.

Thomas E. Moss was born in Greensburg, Green county, Ky., on the 14th day of March, 1840, but he was reared principally in Hickman county. He received his preparatory education in Columbia college and completed it in a private school in Hickman county.

Having decided on the profession of law, he in 1857 entered the office of Bigger & Thompson, at Paducah, where he pursued his studies until the early part of 1859, when he entered the law department at the University at Louisville, from which he graduated the same year.

He then located in Paducah for practice but soon after became a member of the Second Confederate regiment, C. S. A., and as a private took the field service. Soon after, at Camp Boone, he was made sergeant major of the regiment, a position he filled until promoted to the office of adjutant, which promotion was granted in recognition of his gallantry in the Battle at Fort Donaldson.

In this battle he was made a prisoner of war and held as such until the general exchange, six months later.

At the battle of Murphresboro, while leading his command, General Moss was severely wounded and again made a prisoner, and after being held for short periods in minor prisons, was conveyed to Fort Delaware; later while being transferred from

this, to a place of greater security, he made a bold and daring escape though at the time unable to walk without the aid of his crutches.

He afterwards rejoined his command and at Hartsville, Tenn., received the surrender of Col. Moore. At the close of the war he returned to Paducah to engage in the practice of his profession, and to find that his choice library had, while in transit to the home of his mother, been intercepted at Cairo and disposed of as best suited the unscrupulous hands into which it had fallen.

He first associated with J. M. Bigger, and at once secured a handsome practice.

He continued a member of the firm of Bigger & Moss, until 1873, when he withdrew to make the canvass for the office of attorney general of Kentucky to which he was elected in 1875, filling this position with credit for four years.

In 1869, he was elected to the lower house of the legislature serving the two following sessions.

Gen. Moss was past eminent commander of the Paducah commandery, No. 11, Knights Templar.

He was married in Covington, Ky., February 28, 1871, to Miss Margaret, daughter of Jesse D. Bright, who preceded him to the grave only a few months. He leaves three children, Mrs. Marie Wheat Moss, Jesse B. Moss and Thomas E. Moss. Another daughter, Maggie S., died in infancy. He also leaves two sisters, Mrs. Tom Moore, of Frankfort, Ky., and Miss Joe Moss, of Bowling Green, Ky.

The Man Himself.

Maj. Moss was a man among men at all times. He was of the old school and no matter the circle he might be there was no more genial nor gentlemanly member to be found. He justly ranked one of the best lawyers of the state and he stood high both as a criminal and constitutional jurist. He loved his profession as he loved his friends, which is putting it strong, for he was loyal to a fault to those whom he liked, and it was not surprising to his friends to know the standing of his ability and his worth as a man and associate. Truly all who knew him loved him for his many worths, but none more than for the heart he had in him.

Paducah has lost a good citizen, for he never gave up his citizenship, the state a worthy son, and all who knew him a friend worthy of their highest esteem. May his soul rest in peace and ever be green the grass which covers his grave, whether his body lies in some far distant land or in the state which he so loved and had so honored.

HE WAS POISONED

GLEN KING FOUND IN UGLY CONDITION LAST NIGHT.

Just How He Came to Be Poisoned is Not Clearly Explained—Two Stories Out.

Glen King, who lives on Ashbrook avenue, in Mechanicsburg, was found on Meyers street, opposite the Farley place, last night about 10:30 o'clock, in a very serious condition evidently from the effects of poison of some kind. He was taken home and Drs. Sears and Troutman called and they worked with him until this morning before thinking he was in any condition to leave; but he was then not out of danger entirely. There was some mystery as to how King came to be poisoned and two stories were afloat, one being that he had attempted suicide and the other that someone had poisoned him. An effort to get King's version of the affair last night was fruitless. Apparently King had been drinking when found. He is a man about thirty years of age and is put down in the city directory as a worker at the Paducah cooperage works.

Many Deer in Adirondacks

Utica, N. Y., Sept. 2.—A special from Tupper Lake, in the Adirondacks, says that the results of the first day of the open season for deer indicate that the deer are quite plentiful in that vicinity. Seven carcasses were brought in last evening, and there are many camping parties on the lakes in that vicinity that had not been heard from. The deer are sleek and fat and appear to have had a good season.

Italian physicians declare that the "American bars" established in their cities in recent years, are responsible, with their iced drinks, for the increased number of cases of serious apoplexy in warm weather.

DISTANCE TALKER

Ex-Senator Caffery Expresses Himself on Tariff

DECLARES REVISION IS BOUND TO COME

Foreign Increase, the Reciprocity Move and Threatened Deficit Demand it.

CAFFERY ADMITS HE IS POLITICALLY DEAD.

Washington, Sept. 2.—Ex-Senator Donelson Caffery has been spending some time here. He has been very little in Washington since his term in the senate expired. While a member of the upper branch of congress Mr. Caffery was a most prolific speaker. He is possessed of a strong, resonant voice, and as a "long-distance talker"—that being a term often applied to senators who are given to lengthy addresses—he had few equals. Mr. Caffery in his conversations since his arrival, admits that he is about as dead politically as anyone could be, and says he never expects to again hold an office. He contends that he isolated himself by his failure to support Bryan in 1896, and does not seem sorry in the least for the position taken by him on the money and tariff question. In his opinion a revision of the tariff is bound to come within the next two years, and there will also be a big rumple raised when the question of attacking the trusts in earnest is placed properly before the country. Mr. Caffery's idea that the demand for a lower tariff so that the government revenues may be increased will not come altogether from the south. Indeed, he asserts that the protection sentiment is growing in that section. The demand for revision will be chiefly from the north, New England and the west.

Roosevelt and the Presidency.

The action of certain European governments in raising their tariffs against American goods, the cry of our manufacturers for reciprocity arrangements and the threatened deficit in the treasury will bring about, he believes, a great reform movement in this country that is bound to sweep from power the men who at present dominate the policies of the republican party. Mr. Caffery, in spite of President Roosevelt's determination not to be a candidate again, would not be surprised if a new party, compelled him to head the list.

Mr. Caffery, in the face of all the praise that is being showered upon President Roosevelt, does not give our chief magistrate credit for bringing about peace between Russia and Japan. He declares that it was due solely to the good sense of Japan. In his opinion, Japan has gained everything she was fighting for. She has acquired all the territory she can successfully hold, and will in future be recognized as one of the big powers of the world.

The ex-senator ridicules the promises of Secretary Taft in the direction of Filipino independence. He says that we made a bad bargain in taking possession of the islands in a remote part of the earth, and to maintain them has cost millions of money that never should have been expended.

VIOLATION OF BANKING LAW

Denver Savings Bank Was Conducted Says Receiver in Report.

Denver, Sept. 2.—Receiver Stevick, of the suspended Denver Savings bank, has reported to the district court on the condition of the bank. He believes that the assets of the bank will pay 75 per cent. of depositors' claims, and asks authority to declare a dividend of 10 per cent. at once. The report reads in part:

"I am convinced that during the past few months the affairs of the bank have been conducted in gross and willful violation of the banking laws of the state. Loans have been made to persons associated with, and to companies officered by the same, persons who made the loans as officers of the Denver Savings bank, and such loans were made without any collateral, or upon collateral which was only a flimsy pretext.

"On the books of the bank appear entries of loans to banks and commercial houses in Indian Territory and Texas.

The Week in Social Circles.

IF WE ONLY UNDERSTOOD.

Could we but draw back the curtains
That surround each other's lives;
See the naked heart and spirit,
Know what spur the action gives,
Often we should find it better,
Purer than we judged we should,
We would love each other better,
If we only understood.

Could we judge all deeds by motives,
See the good and bad within;
Often we should love the sinner
All the while we breathe the sin;
Could we know the powers working
In the heart's integrity,
We should judge each other's errors
With more patient charity.

Ah, we judge each other harshly,
Knowing not life's hidden force,
Knowing not the fount of action
Is less turbid at its source;
Seeing not amid the evil,
All the golden grains of good,
We should love each other better
If we only understood.

Hotel Opening.

Tomorrow evening from 8 to 10 o'clock Hotel Craig at Fifth and Jefferson streets will be open to the public and a general invitation is extended to all to call and inspect the new hotel and its furnishings, and see one of the most complete small hotels in the state. A band of music will be in attendance and all who call will be accorded a hearty welcome.

Paducah Lady Honored.

The Mayfield Monitor of the 1st says: A number of our young people gave a gypsy tea Wednesday evening in honor of Miss Garvey, of Paducah, who is visiting friends in the city. The place selected was a beautiful grove about three miles from the city and the hours were turned wild with frolic and fun. Never did Rosalind and her merry makers fill an evening with more fun. The young people had a royal good time and came back feeling happier and better. Those who made up the party were: Paul Walker, Jeppa Harris, Milfred Hill, Miss Sue Garvey, of Paducah, Ed. Smith, Emma Harris; John Wallis, Mary Byrn, Edd Sills, Eunice Murray, Charley Bates, Verna Caine, Herman Small, Myra Caine, Charlie Toler and Elsie Wallis.

Pleasant Lodge Reception.

Though not strictly a society event, the reception which the local Knights of Pythias Thursday night tendered Col. Jovett Henry, of the Third regiment, state guards, at their castle, was an occasion long to be remembered for its pleasant features. There was plenty to eat and smoke and good feeling and fellowship prevailed throughout. Col. Henry and a dozen or more other officers of the Third regiment who accompanied him made addresses, and a number of local Pythians also made talks. Prof. C. B. Hatfield presided over the gathering, and was assisted by local members. Col. Henry is past grand chancellor of Kentucky, and is not only one of the leaders of the Knights of Pythias but a highly respected citizen of Hopkinsville.

Attractive Entertainments.

Two attractive entertainments to be given by local talent for the benefit of the Y. M. C. A. at the Kentucky about the middle of September, are being planned. They will be a matinee and evening performance. In the evening a cantata called "David the Shepherd Boy" will be given by some of the best musicians of the city, under the direction of Prof. Harry Gilbert. In the afternoon a children's version of the "Midsummer Night's Dream" will be given in a series of tableaux with music. The music will be directed by Mes Courtie Puryear. The entertainments are in charge of Miss T. M. Pugh, of Memphis, and will be given under the direction of the woman's committee of the Y. M. C. A. for the benefit of the association.

Third Regiment Officers Dance.

The third of the series of dances given at Wallace park, by the young men of the city, complimentary to the officers of Camp Yeiser, occurred last Wednesday night, with Col. Jovett Henry and his staff as guests of honor, and it was a very delightful affair. The pavilion was decorated with big flags and looked very attractive. The attendance was large. Col. Henry joined the young men in giving the dance, and his regimental band furnished the music which was a feature of the evening. The honored guests came to the dance escorted by the regimental band and the bugler corps and held a reception for a few minutes preceding the grand march.

Christian Endeavor Social.

The Christian Endeavor Society of the C. P. church, held their regular business meeting at the residence of Mrs. John Morgan, at Tenth and Harrison streets, last Monday evening. After the regular routine of business a pleasant social was held. Those present were: Mr. and Mrs. John Morgan, Mrs. John Slaughter, Misses Nona Stokes, Eura Coles, of Mayfield; Katie Casper, Pearl Campbell, Miss Craig, Messrs. Cecil Giliam, Lacy Threlkeld, Will Watson,

Pearson Lockwood, C. C. Needham, Jas Vance. Delightful refreshments were served at 11 o'clock.

Wedded in Metropolis.

Last Wednesday, in Metropolis, Miss Bertie Edward and Mr. Neal Luftenberg were united in marriage. It was not an elopement, only a device for a quiet marriage. The couple was accompanied by Miss Piccola Gore and Mr. Clarence Housholder. The bride resided at Ninth and Tennessee streets and is pretty and attractive. The groom is connected with the dry goods establishment of L. B. Ogilvie & Co., and is popular. The couple will live at the home of the groom, 1127 S. Fourth street.

Luncheon Entertainment.

Wednesday evening last, after the dance at the park complimentary to the officers of the Third regiment, at their home on West Jefferson street, Misses Rella and Fannie Coleman entertained with a luncheon Miss Laura Jobe, Jackson, Tenn.; Miss Lillie May Winstead, Misses Fannie and Rella Coleman, Miss Ethel Morrow; Mr. Ed Paxton, Mr. Arthur Everett, Mr. Roscoe Reed, Mr. Harry Spain and Mr. Earl Norton.

Dinner Entertainment.

Mr. and Mrs. Wheeler Campbell entertained at dinner Tuesday evening in honor of the officers of the Third regiment, Kentucky state guard. The guests were: Governor Beckham, Lieutenant and Mrs. D. Y. Beckham, of Savannah, Mr. and Mrs. Thomas Hall, Col and Mrs. Mott Ayres, Col. and Mrs. Harry Tandy, Frankfort, Col. and Mrs. A. T. McCormack, Bowling Green; Col. Guy Briggs, Frankfort, Dr. Milton Board, Hopkinsville, and Miss Louise Cox.

Picnic Supper.

A party of young people chaperoned by Mrs. George Clark and Mrs. M. E. Ham gave a picnic party at Wallace park Monday evening in honor of Miss Elsa Hess, of New Orleans. The party was composed of Misses Elsa Hess, Caroline Ham, Nellie Schwab, Ruth Clark, Ewell Ham and Marguerite Schwab, Dr. George B. Froage, Lieutenant Terrell, Sergeant Wright, Sergeant Stommer and Sergeant Clark.

Reception for Soldiers.

Friday evening the Misses Wright entertained a number of friends at their home on Clay street, complimentary to members of the Third Kentucky. Those present were: Misses Clara Goodman, Pauline Durrett, Edna Wright, Nell Wright; Messrs. Edward Courtney, Hopkinsville; Robert Hille, Hopkinsville; Harry Peters, Mr. McDowell; Mrs. W. E. Baker and Mr. and Mrs. Louis Head.

Advertisement Party.

Miss Helen Van Meter entertained her young friends in a very unique way Thursday evening with an advertisement party at the home of her parents, Mr. and Mrs. C. L. Van Meter, on Sixth and Kentucky avenue. The young folks were dressed to represent some of the best known advertisements and their costumes were most cleverly gotten up.

Complimentary Luncheon.

Miss Saidee Smith entertained with a luncheon at her home on North Fourth street Friday in honor of Miss Mary Clark, of Hopkinsville. Those present were: Misses Elizabeth Sebree, Elizabeth Boswell, Irma Yeiser, Mary Clark, Martha Cope, Saidee Smith, Lucile Weil, Ethel Sights, Julia Dabney and Mary Cave.

Gave a Dinner.

Maj. Tolbert Berry entertained at dinner at Camp Yeiser Friday night. The guests were: Misses Laura Jobe, Jackson, Tenn.; Lillie May Winstead, Corinne Winstead, Ethel Brooks, Susie Thompson, Lieutenant Head, Capt. Ed Walker, of Hopkinsville, and Mr. Harry Berry.

Dined Some Friends.

Mr. and Mrs. L. L. Bebout entertained several members of the third regiment at their home on West Monroe street, at dinner, Tuesday evening last. Mr. Bebout was a member of this regiment during the Spanish-American war.

Picnic Party.

At Camp Yeiser, quite an enjoyable picnic party was given Tuesday evening by Mr. and Mrs. Lawrence Gleaves, in honor of Mrs. Harry Harris, and Mrs. John Dismukes, of Mayfield, and several of the state officers.

Officers Entertain.

Capt. Walker, of Henderson, and Capt. Boswell, of Mayfield, entertained a party at mess at Camp Yeiser Monday at noon. The guests were: Mrs. George C. Thompson, Miss Susie Thompson and Miss Ethel Brooks.

Park Supper.

Miss Ella Gardner, of New Albany, Ind., entertained a few of her young friends with a picnic supper at Wallace park Tuesday evening.

CALL TO BOOKS

TOMORROW WEEK THE PUBLIC SCHOOLS OPEN.

All is Ready Now, the Corps of Teachers Being Complete and Buildings in Order.

The public schools of Paducah will begin the regular fall and winter term tomorrow week, the 11th inst. On the day named, the school-goers from all parts of the city will take up their school books and hie away to renew acquaintance with former teachers, or make the acquaintance of new ones. There will be many new faces in the schools and in some buildings new furniture. Many of the old faces will have passed out altogether, and many an embryonic American will then and there get his first lessons in adapting himself to new and strange conditions.

All summer long Superintendent Hoyer has had painters, carpenters and plumbers attending to the wants and repairing the buildings where needed. The school rooms throughout the city have been put in a fine condition and nothing but moths and dust have busied themselves in their efforts to annihilate the school book.

Indications point to a greater attendance than in the history of the schools. The crowded conditions of the rooms promise to be relieved, however. New rooms have been provided at the high-school building, and a new school built in Mechanicsburg called the McKinley school will take many away from the other schools and relieve the situation of last year.

Most all the teachers who have been out of the city on a vacation during the holidays have returned. They have spent their vacations in as many and varied ways as the students have spent theirs. They will return rested and prepared to buckle down to business after a long rest.

Prof. Lieb, superintendent of the city schools, will open up his office this week for the purpose of examinations and entering the pupils on their respective grades.

The board of education will convene Tuesday night in the Washington building to make final arrangements with the teachers and other matters pertaining to the opening of the schools. The contracts for furnishing coal for the different schools will probably be let at this meeting.

The vacancies have all been filled for the teachers, the committee which was given power to act having reported that the few needed have been selected as follows:

Miss Nannie McCullom, of Bowling Green, will have charge of the grammar grade.

Miss Ernestine Alms, of Owensboro, to teach the primary grade.

Miss Susan E. Smith will have charge of the modern languages in the high school.

The force of teachers is thought to be much stronger than the city has ever had and the greatest history of the Paducah schools is expected in every way.

CHINA PLACING BOYCOTT UNDER IMPERIAL BAN.

Royal Edict Regarding Trade in Products From America.

Oyster Bay, N. Y., Sept. 2.—China has placed the boycott of American products under an imperial ban. An edict has been issued by the government commanding viceroys and governors of provinces to take measures for the suppression of the boycott and holding them strictly responsible.

The state department at Washington has received a telegram from Minister Rockhill at Peking giving a summary of the edict. The cablegram was forwarded immediately to the president, and by his direction, Secretary Loeb made it public today. The text of the cablegram follows: "Imperial edict published yesterday states that the long and deep friendship between the United States and China has never been tried as now. The United States government promised to revise treaty and people should await action of both governments. Boycott wrong and harming friendly relations. It (edict) commands viceroys and governors to take effective action, making them strictly responsible. Undoubtedly will have good effect."

DRAFTING OF PLAYERS TO BE INVESTIGATED.

Cincinnati, O., Sept. 1.—The investigation of the drafting of players for next season was the most important matter to come before the National Baseball Commission, which was called to meet in this city today. Before the meeting was convened it was said that all players secured in a legitimate manner will be given to the clubs that claim them, but where there is a flaw in the deal, or the same is proved not to be bona fide, the commission will declare such transaction void. Other matters of minor importance will receive the attention of the commission.

NOT ENOUGH

DONATIONS TO FUND FOR SILVER SERVICE GIFT.

Amount Needed Is Five Times the Present Subscription—The Public's Liberality Appealed To.

The following additional subscription to the fund to buy and present a silver service for the United States gunboat Paducah have been made:

Ed P. Noble	\$50.00
Sherrill-Russell Lumber Co.	5.00
S. A. Fowler	5.00
Dr. I. B. Howell	1.00
Armour Gardner	5.00
Hank Bros.	5.00
Roy McKinley	1.00
News-Democrat	10.00
Ben Weille & Son	5.00
Essie Voris	1.00
Geo. C. Thompson	5.00
W. C. O'Bryan	1.00
Previously acknowledged	\$299.00
Total	\$353.00

The amount necessary to secure a suitable service at wholesale price is \$1,500. As it is desired to make this a popular subscription, those who are willing to assist in the purchase of this silver service are requested to drop in at the Commercial Club headquarters, 118 South Fourth street, and leave their subscriptions, or send the same by mail. The ladies of the D. A. R. are leading in this work, and subscriptions can also be handed to them, all of which will be promptly reported and acknowledged every Saturday in the public press, until the amount necessary is secured. It is expected that some time during the fall months the war department will order the Paducah to visit Paducah, at which time it is desired to present the silver service.

Every citizen of Paducah ought to contribute a little for the purchase of this service, remembering that "every little bit helps." If a little interest could be taken in this matter by all, the sum necessary could be quickly made up, and all the citizens have the satisfaction of knowing they had contributed a few cents towards the purchase of this service.

MUSICAL ELECTRIC LIGHTS.

Newest Invention of London Man, By Which Arc Lights Play Tunes.

(The Humanitarian.)
At a conversation of electrical engineers at Columbia University a number of vacuum tube electric lamps were shown. The lamps consisted of glass tubes filled with mercury vapor, through which a current of electricity was passed; and they were so arranged that they would burn directly on the ordinary 100-volt lighting mains which run through the streets. The light is said to be very steady and brilliant, and much in advance of any other artificial light—as it may well be thought to be if the lamps can only be made cheap and convenient for ordinary use. At the Royal Society's last conversation Mr. Duddell's musical electric lamps were both amusing and curious. By superimposing an alternating current on the ordinary street-main current that lights arc lamps, the arcs can be made to give out a musical note of varying pitch. Mr. Duddell has arranged his lamps in an octave. One of the oddest things about his experiments when made at South Kensington was that they were found to affect other electric lamps in the neighborhood. This opens up a possibility that at some future Royal Society festivity a central operator might start a tune on the great arc lamps of all the great London railway stations.

Sailors' Strange Pets.

Uncle Sam is a tolerant old gentleman. He permits the sailors of his battleships and cruisers to keep pets. No ship in the navy is without its mascot. The other day a big cruiser came into the Brooklyn navy yard and the sailors proudly displayed a big moose which was presented to them away up in a Maine port. Imagine a moose for a mascot on board ship! Within the last three months ships have come into the navy yard with all sorts of curious animals for mascots. One had a jackass from Brazil, another had a monkey from Algiers, still another a game cock from Liverpool, while a fourth had a stray dog rescued from the waters of the harbor at Southampton.

BLOWN TO PIECES WHILE LOADING BLAST HOLE.

Lancaster, La., Sep. 1.—Three Slavs and an Italian were blown to pieces by the premature explosion of a blast near Safe Harbor Wednesday. Another Slav is missing and is believed to have been blown into the Susquehanna river, and two Slavs and a negro were badly injured. The men were engaged in loading a blast hole 50 feet deep, and had just placed in the dynamite and detaching cap. It is supposed that the tamping rod struck this cap. The concussion exploded a similar charge only four feet away.

THE GUARDS GONE

CAMP YEISER IS NOW A DESERTED VILLAGE.

The Break-Up Occurred Yesterday Just Afternoon and the Departure Last Evening.

Camp Yeiser today will appear as a deserted village. The state guards got away last night, the Mayfield company earlier in the evening than those companies which went up the Louisville line of the I. C. R. R.

The camp was broken up yesterday afternoon early. The noon mess was the last one. Then the tents were leveled and the encampment was truly over. There was no attention paid to the routine work of the camp after the morning hours.

The good-byes were said with feeling last evening. The boys were glad they had come and so were the people here.

Camp Yeiser will be a pleasant memory to the people for years.

A Thoroughbred Tramp.

During the engagement of "A Thoroughbred Tramp" in a certain town in Oklahoma, a small nervous man was noticed lingering about the stage door; the weather was warm and the doors and windows were open. During the third act one of the stage hands came out and sat on the door step; after he had been seated there for a few moments the small nervous man approached and accosted him: "Deh you work here? Yes, sir," was the reply. "Wheah's thet man thet insulted that lady? Who, the villain? He's on the stage now; do you want to see him? Yes sah, after awhile. Just then the stage hand was called away and it was not until near the end of the last act that he was again at liberty. Returning to his former resting place he again observed the little nervous man, but this time he vouchsafed no word of inquiry. The play progressed until near the end when the sound of half a dozen pistol shots rang out. The little nervous man who had been pacing backward and forward, stopped, turned to the stage hand and asked: "What's that shooting?" They're killing the villain. The one that insulted that lady. The same. Well, they've saved me the trouble; come let's get a drink. And to this day that stage villain earnestly believes that if the author of the play had not arranged a stage killing the nervous little man would have supplied the real one.

SET FOR TUESDAY

CHARGE OF DEFRAUDING IS LODGED AGAINST EDGAR MORRISON

Trial May Develop a Sensation as He Says There Are Others Guilty.

The case of Edgar Morrison was called in police court yesterday on the charge of conspiring to defraud the street railway company and the trial was set for next Tuesday. Morrison was charged with defrauding the company several weeks ago, but took French leave before being arrested. He was, however shadowed and was located in Milan, Tenn., and there arrested by Detective Moore, who brought him back to the city Friday. When presented for bond Morrison made one and was released. His trial may prove quite a sensation, as Morrison says he was not alone in the work he is charged with.

All other cases where a continuance was granted were set for Tuesday as there will be no session of court Monday on account of labor day.

The cases disposed of were as follows:

Will Hamilton, breach of the peace, fined \$3.

Eva Johnson, Kate Powell, Flora May Belle and Abe Boyle, vagrancy, continued.

Lillie Gray, breach of the peace, continued.

Sandy Overby and Robert Green, breach of the peace, continued.

Officer Mike Dugan will take his week's vacation this week.

IMMIGRATION AND QUARANTINE

Subjects of Conference Urged by Governor of Tennessee.

Nashville, Tenn., Sept. 2.—Gov. Cox yesterday sent the following telegram to the Governors of all the southern states:

"Will you join with the governors and commercial orders in a call for a southern conference on immigration and quarantine to be held at Chattanooga about November 1 next?"

The object of the proposed conference is to discuss uniform immigration and quarantine laws. Gov. Cox is of the opinion that such a conference would be of great benefit to all states concerned.

Matter of Bald Heads.

(Howard, Kan., Courant.) A bald head is not necessarily the sign of brains or talent. Hanch Glover's head is as destitute of hair as a peeled onion, and his skull is so hard and his head so empty that he should wear a husher in his plug hat to keep it from clanking when he puts it on.

GONE TO REST

MRS JOHN THEOBALD DIED YESTERDAY OF HEART TROUBLE

Was a Life Long Resident of the County and a Lady Highly Esteemed.

An esteemed neighbor, a good woman and a beloved wife has gone to her rest. Yesterday morning after a long illness and much suffering Mrs. Mary Theobald, wife of Mr. John Theobald, died at the family residence out on the Mayfield road a short distance from the city. The cause of her death was heart trouble.

Mrs. Theobald was sixty-one years of age, and was born and reared at St. John's, in this county. She was married to Mr. John Theobald April 25, 1863. She leaves besides her husband, seven sons and three daughters. Her sons are Henry, George, John, Frank, Fred, Louis and Will Theobald, and her daughters are Mrs. Henry Schneiderman, Miss Effie and Miss Annie Theobald, all of the county. Nine grandchildren survive her. She also leaves five brothers, John, George, Stephen, August and Joseph Wurth, of St. John's.

The funeral will take place this afternoon at 2 o'clock at St. Francis de Sales Catholic church. The services will be conducted by the Rev. H. W. Jansen. The burial will be at Mt. Carmel Cemetery.

THIS IS CHEERING

Work on the South Third Street Walks Begins Tomorrow.

There is cause for thanks. The walks on South Third street are to be built at once. Contractor Bridges has announced that he would begin to lay the concrete walks beginning at Third and Kentucky avenue Monday and continued all the way up Third street. The necessary utensils to be used in making the concrete were placed on the ground Saturday afternoon. This work has been neglected for several weeks and all residents of that section will feel like offering the glad hand to the contractor.

CONDITION DOUBTFUL

John Ferguson Still Lives in a Serious Condition.

John Ferguson, the fireman at Sowell's mill, who was knocked in the head and his skull fractured Friday afternoon by Paisho Hona, a negro, is resting as well as could be expected, but his attending physician says nothing definite regarding the result could be determined before tomorrow. IS IT CHEAPER TO KILL THAN TO SAVE?

(Collier's.)

Horrible disasters are seldom missing from our enterprising press. The supply is kept in generous degree by the railroads. The grade crossing has the distinction of being as perilous as it is avoidable, but there are plenty of devices almost as full of danger and as free from any excusing need. During the first three months of this year there were 1,787 collisions and 1,321 derailments. It is reckoned that in the state of New York, where there is a law for the gradual abolition of grade crossings, an end will come, under this beneficent legislation, when 800 years have passed and 100,000 more individuals have been slain. The block system of signaling, which is in full force in Great Britain and several countries on the continent, is almost universally held to be far safer than any merely human agency, and one of the principal causes of safety abroad. The quality and type of car used in America is also frequently much below what it would be under efficient supervision from the state, and there are a score of undisputed ways in which the excessive danger accompanying American railway travel can be diminished. The only obstacle to the expense to the roads, which find it cheaper to pay what they must for the lives destroyed, after fighting in the courts and compromising with relatives, who have not time, money or evidence enough for successful legal controversy. Great Britain and Ireland, transporting over a billion passengers, outside of suburban service, to our 750,000,000 killed twenty-five persons in 1904 to our four thousand, and injured 769 to our 50,000. Railroads in Great Britain are not so free as they are with us to conduct their own business as they deem best.

ENGINEER KILLS ANOTHER

Bad Feeling Led to Fatal Encounter in Birmingham.

(Birmingham, Ala., Sept. 2.—D. E. Davis and J. E. Ryan, well-known locomotive engineers on the St. Louis & San Francisco railroad, engaged in a personal altercation in the round-house of the road here today, which ended in Ryan drawing a pistol and shooting Davis to death. Ryan surrendered and refuses to make a statement. Ill will had existed between the men for some time.

Not Yet Introduced.

(Lippincott's.) Uncle Nehemiah, the proprietor of a ramshackle little hotel in Mobile, was aghast at finding a newly arrived guest with his arm around his daughter's waist.

"Mandy, tell that niggah to take his aim 'way from 'round yo' wais," he indignantly exclaimed.

"Tell him yo'self," said Amanda. "He's a puffed stranger to me."

TO TEST THE LAW

INSURANCE COMPANY BEING SUED FOR REBATING PREMIUMS.

Cases Now Filed Against the Company and Agent Aggregate Handsome Sum.

The Interstate Life Insurance company of Indiana, and its agent, Mr. M. G. Caldwell, of this city, are being continually made defendants in law suits for rebating life insurance premiums until the amount filed against them aggregate about \$135,000. There are 270 suits so far filed of \$500 each and many more will probably be recorded. The suits have been brought in McCracken county, Marshall county, Calloway, Graves and Caldwell counties. The hearing of the cases are set for the approaching terms of court in the respective counties and there promises to be some lively legal proceedings before the cases are over, as it is a new kind of suit in this end of the state and will effect many insurance companies, who have also been guilty, it is alleged, of rebating in the same manner. The best legal talent in West Kentucky has been employed as counsel on both sides.

The law prescribes a penalty of \$500 in each case of rebating and the test is being made to see if the law holds good.

The insurance companies hold that they are not subject to a fine in the way they have sold and issued the insurance policies.

TEN PERSON KILLED.

Twenty Injured by Wreck of Train at Witham, England.

Witham, England, Sept. 2.—As the express from London to Cromer, on the Great Eastern Railway, was entering Witham station yesterday several passenger cars left the track and crashed into the station building, causing the death of ten persons, six of whom were women, and seriously injuring twenty other people. Among those killed was the porter of the station, who was sitting in his room on the platform. Two ticket sellers were buried in the wreckage, but escaped serious injury. The gasometers beneath the cars caught fire and consumed the wreckage. Fortunately, however, all the bodies were removed before the flames gained headway. The rear cars left the track, the engine and front cars remaining on the rails. The rear cars mounted the platform of the station, demolished the building and then turned over.

The train was running at full speed, Witham not being a stopping place for the express.

TWENTY VACANT POSITIONS IN THE CITY OF PADUCAH

Were filled by Central Business College during August, from its pupils and graduates in Shorthand and Bookkeeping; nevertheless the demand for combined Bookkeepers and Stenographers each month exceeds their supply. Its graduates have been steadily called for by merchants of Paducah and elsewhere who are aware that "CENTRAL GRADUATES DELIVER THE GOODS." "CENTRAL" is not afflicted with "Textbookites." Its bookkeepers are in charge of the books of such large Paducah houses as The Scott Hardware Co., Paducah Saddle Co., Pittsburg Coal Co., and numerous others. Its stenographers, with firms such as Loeb, Bloom & Co., A. B. Smith Lumber Co., Armour Packing Co., I. C. Ry., etc., etc. "Central" offers the best life insurance for a son or daughter; for once completed, who can rob them of their ability to earn a livelihood? "Central" is the best institution. You know it! If you do not, we hold evidences; and letters from pupils filling responsible positions here in Paducah and other cities—such as will convince you or anyone else. You know how rapidly Paducah is growing! Don't wait till it's doubled and trebled and then say "IF I HAD ONLY KNOWN." You know it! You may "take the guarantee" and afterwards apply to us to get you a position, as others have done; but you will not need to say "IF I HAD ONLY KNOWN." You now know it!—That Paducah's Central Business College is the best—the cheapest in the end. If not, you at least know where to get the information. Write for catalogue. Send for one or call and get it. Go and see our graduates. Let them do the talking, if you prefer.

ANNOUNCEMENTS.

The Register is authorized to announce HARRY S. ALLEN as a candidate for Coroner of McCracken county, subject to any action of the Democratic County Committee. Election November, 1905.

Sunday Morning, Sept. 3, 1905.

Polite Society.

What the people are pleased to call polite society is degenerating. Its code of morals is far below that required a generation ago. We do not mean that the morals of its members are below the morals of twenty years ago, but we do mean that polite society tolerates men and women whose characters are such that they would never have been admitted into the polite circles of the parents of the present generation.

In this day and generation the young man with loose morals finds a cordial welcome in almost every drawing room, provided his father has wealth and he wears fashionable clothes. Escapades that blacken character are treated with indifference if the guilty ones have the audacity to intrude upon their former associates. Often times the fair young daughters of the city are seen in public places with one for an escort whose reputation is such that no business man would permit him to fill a position of trust in his establishment. Society does not only bestow its favors upon the profligate son, but it receives with open arms the elder scamp whose morals are of a mottled complexion. Wealth and goodly wearing apparel seem to be the open sesame to what is commonly called the upper circles. Education, refinement and good breeding seldom receive the homage justly due them; the glib tongue, the coquettish eye, together with a good bank account is what swings the drawing room doors open to receive the welcome guest. The world is drifting towards money worshiping, and what better evidence can be offered than to point to the laxity in the rules that appear to govern modern society. In polite society are to be found many of earth's best men and women, and it is indeed difficult for an onlooker to reconcile the high ideals exemplified in their lives with their intermingling with those who really should be with the outcasts. There is a measure of responsibility resting upon all mankind, and if social recognition is accorded those who defy the laws of God and give reign to the baser nature what hope can be held out for the elevation of the morals of a community? To our mind it is the duty of all good people to frown upon immorality and licentiousness, and to demand honesty and purity in all things. When society takes this step and purges itself of its unfortunates a long stride will have been taken towards a higher civilization, a purer

moral atmosphere and a greater number of happy homes.

The Equitable Lucky One Time.

President Paul Morton, of the Equitable Life Assurance Society, who was once himself whitewashed, in a way, has partly performed the same act for Senator Depew, a member of the board of trustees and consulting attorney for the Equitable. When the explosion relative to the management of the Equitable came it was said, among other charges of mismanagement, that the Equitable had loaned the Depew Insurance company, of which Trustee and Consulting Attorney Depew was the head, \$250,000 and accepted a very poor mortgage, etc., therefor, and the general comment was that the Equitable had been more than likely beaten by the very management itself. The whole charge looked like a true bill, but the facts are that the debt has been paid and Mr. Morton hastens to have the fact announced, just to clear away an unjust impression as to Senator Depew. The announcement of the settlement of the debt is made in a New York telegram as follows:

"Announcement was made today by the officers of the Equitable Life Assurance Society that the indebtedness to the society of the Depew Improvement company was paid this afternoon, the principal and interest amounting to \$293,850.82.

"The correspondence incident to the transaction was also, at the suggestion of President Paul Morton, made public, to the end, Mr. Morton said, that an impression unjust to Senator Chauncey M. Depew might be removed.

"A letter addressed to Mr. Morton by Henry B. Anderson, of the law firm of Anderson & Anderson, attorneys for the Depew Improvement company, announcing that the reorganization committee of the Depew Improvement company, having perfected the title to the property not covered by the Equitable mortgage, was prepared to take over the property which secured the loan, paying in cash to the Equitable the face of the loan and interest was given out with the statement."

The stockholders of the Equitable are clearly to be congratulated on the collection of a debt generally declared as almost worthless. Senator Depew stands vindicated too if not also whitewashed. Another squeeze has no doubt worked.

Cairo quarantine officers are being openly charged in many of the papers of this section of charging for health certificates or permits to enter that place. What of these charges, Messrs. Bulletin, Citizen, Telegram, etc? Are your officers of quarantine guilty as charged? If so, why don't you fire under them some of the hot shot you have been firing into the ranks of other health officers for making the same kind of charges? You called it grafting when you were firing your shots unjustly at Paducah officers, but if what the Wickliffe Yeoman says of your quarantine officers is true, some of them have not only been guilty of grafting, but even of highway robbery. Now what of these charges, you pencil pushers of Cairo? Come, let us know the facts. The Register has not been an admirer of your very foolish quarantine, it has not hesitated to say, but it will have less faith than ever in it if these charges are not cleared up, and cleared without any white-washing attempts, either.

The Municipal League.

(Clinton Gazette.)
Paducah has gone about organizing a municipal league, the object being, in brief, to remedy the crying ills that all cities seem heir to. When we read that the league is to be non-political we cannot suppress a smile. There may be many guileless men who will go into it with the thought that it will make no effort to influence them politically, but the character of reforms which the league is going to try to bring about can only be secured by the ballot, if at all, and if the Paducah municipal league is successfully formed, we shall look for it to become a factor in city politics before the year rolls 'round. The importance of the part it will play depends on the character of the men who identify themselves with it. If it is made up of sore-heads, as too frequently happens, it will fritter out its existence and accomplish no good purpose. If it could carry out the high aims and objects set forth in the articles of agreement, Paducah would be greatly benefited by it, and we hope that good will come of it.

THE W. C. T. U. LAST MEETING

Several Signal Features Made It a Good Reunion.

A good attendance, an interesting program and a gain of a new member

were the signal features of the mothers' meeting held by the W. C. T. U. under the leadership of Mrs. C. A. Norval, last Thursday afternoon at the First Baptist church.

Mrs. J. M. Byrd read a selection from an article by Ella Gilbert Ives, in The Congregationalist, entitled "The Divine Library," a term the writer applies to the Bible. In her treatment of the subject she deprecates the prevailing indifference to Biblical lore and emphasizes the importance of an early and familiar acquaintance with the Book of Books. The writer takes the high ground that Bible students can be readily distinguished anywhere by their position on the moral questions of the day, by their conduct in great moral crises and by the general tenor of their lives.

A review of a sketch by Jane A. Stewart in The Designer for September on "Mothers' Work and Workers" was given by Mrs. Norval. The writer stated that the first mothers' meeting was held just ninety years ago in Portland, Maine, and was the result of the thought of a New England pastor's wife, Mrs. Edward Payson.

From a small beginning Mothers' clubs have grown until they extend over all parts of the country, North, South, East and West. The national congress of mothers, with headquarters at Philadelphia, has a local organization in twenty different states and extending even to Japan. This congress conducts work in not less than eight departments: Domestic science, child labor, education, legislation, literature, the kindergarten, the press and higher motherhood.

The president of the national congress is Mrs. Hannah Kent Schaff, of Philadelphia. Besides her interest in the congress, Mrs. Schaff is actively engaged in plans for the aid of delinquent and defective children, and is regarded as a most capable and judicious mother in her own home.

Miss H. E. Brooks read an editorial from Colliers' Weekly calling attention to the gross advertising frauds practiced by the Peruna company in the yellow fever district.

It appears the New Orleans Times-Democrat published an alleged interview with a Dr. Hartman in regard to the best treatment for the yellow fever scourge, in which he makes the statement that "while screens and other precautions are advisable, Peruna should be taken at once and continued throughout the whole course of the epidemic. I feel sure that any person following this advice is in no danger of taking yellow fever." But the Times-Democrat fails to state that the noted specialist (?) is noted only as the head of the Peruna company, and that the so-called interview is nothing more nor less than a business advertisement for which the editor was paid so much per line. The editor of Colliers' in commenting on the affair says: "To own a newspaper and hire it out to perilous fraud in an emergency like the yellow fever danger almost surpasses one's belief in human greed."

NATIONAL BLOSSOM.

Chrysanthemum That Is Red, White and Blue.

Chicago, Sept. 2.—Joseph Frey, head gardener at Lincoln park, is seeking to give the country a national flower in the form of a chrysanthemum plant which will grow red, white and blue blossoms. The experiment of hybridizing chrysanthemums and asters, which are closely related to the Japanese flower, has been going on in the conservatory at Lincoln park. The success of this plan will be revealed by the last of October, when the chrysanthemum and Siberian asters begin to head and bloom. At the last annual chrysanthemum show in Lincoln park, Frey displayed hybridized chrysanthemums which presented the colonial colors—yellow and white blossoms growing on one stalk. This caused him to undertake the more difficult problem of growing red, white and blue blossoms on the stalk. Mr. Frey is confident that his efforts to give the flower world a new and patriotic combination of color will be crowned with success.

WANTED HER SPOUSE.

Notwithstanding He Had Beaten Her Up, as She Says.

Dora O'Neal, colored, wife of John O'Neal, appeared last night at the city hall in search of her husband, who, she says, knocked her down and beat her up generally. Just why the woman expected to find her husband at the city hall is not clear, but she probably thought he would be there to get a warrant for her.

The woman says that John was at the home of another woman when she went after him. He refused to come away, but Dora grabbed hold of his pocket that contained several dollars and clung to it during the time she was being so roughly handled until the pocket was torn out. She had the pocket and a few dollars with her to show that she had a death grip on his pantaloons.

Later—John O'Neal was arrested for beating his wife.

TYRANICAL

IS THE ENFORCEMENT OF THE QUARANTINE AT CAIRO.

A Paducah Man's Experience at the Egyptian Burg Which Was All but Brutal.

A strenuous life for several hours is the experience that Mr. A. H. McCarthy, foreman of the Paducah marine ways, had in Cairo Friday night. He left Paducah at 7:30 o'clock that evening for the Egyptian burg and arrived at 8:15 p. m. He had a health certificate signed by Health Officer Dr. W. T. Graves, of this city, but that did not seem to help his case in the least, or if anything made matters worse, if they could have been worse. He was met when he arrived in Cairo by an inspector who on examining the certificate informed Mr. McCarthy that the certificate couldn't and wouldn't be accepted under any circumstances. The inspector told the Paducah gentleman that the only way to get permission to enter Cairo was to obtain a certificate or a permit from Dr. George Palmer, assistant secretary of the Illinois board of health. Mr. McCarthy insisted that he was there on business with the Cairo ways people and pleaded to let him remain and allow him a chance to secure a Cairo certificate. This had no effect on the inspector and he then had the Paducah gentleman lodged in and locked in a box car, where he had to remain for at least three hours fighting mosquitoes. When he was released from the car he was almost in a state of suffocation. Not satisfied with the treatment they had accorded Mr. McCarthy the inspector had him removed to the depot, where he was kept under guard all night and then was told to return to Paducah and secure a permit from Dr. Palmer and then he would be allowed to enter Cairo.

It has come to a pretty pass when such incidents as this are heaped on Paducah citizens, and the only remedy it appears is for the people to stay shy of Cairo unless they want to go to the expense of paying for a telegram or telephone message to talk to Dr. Palmer to secure a health certificate.

Several days ago the Cairo health authorities after meeting with Mayor Yeiser and Dr. Sights agreed to accept certificates signed by Dr. Graves or Dr. Horace Rivers and now they go back on their agreement and refuse to accept them. The certificate that Mr. McCarthy had was signed and issued by Dr. Graves and sworn to by Miss M. B. Edgington, a notary public, and it is the same kind of certificate that are issued here every day.

It is an outrage to be treated as the Paducah man was and the matter is being denounced in no sweet terms.

There is a baseball game at Cairo today with a Paducah club and it will be useless to attempt to go there, as they will be turned away and may be subjected to the same experience as Mr. McCarthy, as all the certificates from Paducah are identical as the one held by him.

Mr. McCarthy finally got a chance to make an inquiry of Dr. Palmer regarding the certificate being refused and received the following reply from Dr. Palmer:

Cairo, Ill., Sept. 1, 1905.

Mr. A. H. McCarthy, Cairo, Ill.

Dear Sir:—In reply to your inquiry I beg to say that you have been misinformed as to any assurance from the Illinois state board of health to the effect that health certificates issued at Paducah, Ky., would be recognized in any way for admittance into Cairo. The quarantine regulation of the city of Cairo provide that no one shall be admitted to the city without first having obtained a permit issued at Cairo by the Illinois state board of health or the board of health of Cairo, while the regulations of the Illinois state board of health governing the quarantine of that part of Illinois lying south of the Baltimore & Ohio Southwestern railway, provide that health certificates from national, state, county or municipal health authorities shall be necessary for admittance. Special provision is made that certificates issued at Fulton, Paducah, Bowling Green or in McCracken county, Ky., or at Bird's Point, Missouri, shall not be accepted.

No one has been authorized to state that any certificates issued at Paducah may be exchanged for Cairo permits and thereby give entrance to the city of Cairo. Very truly yours, GEO. THOS. PALMER, Assistant Secretary.

Mr. McCarthy has important business to transact there and will leave for Cairo again tonight having received a certificate from Dr. Palmer.

—Strangs as it may seem the Cairo papers of yesterday had personal notes of several Paducah visitors. What did it cost them to get into the burg if Paducah health certificates are not good? would seem a proper question.

The showers predicted for yesterday all came as a very good rainfall early in the morning. Yesterday was rather clear and warm, but last night was cool. Today may be as clear and cool enough to be pleasant.

A CARD

To the Democratic Voters of McCracken County.

I take this means to advise the Democrats of this county that I am a candidate for the nomination for the office of Coroner of this county, this vacancy of the Democratic party being made vacant by the sad death of the late James Crow, and I believe under the circumstances that I am entitled to the nomination at this time.

I was born and raised in McCracken county, being a life-long, active Democrat, always ready to contribute my means and time to further the interest of the party.

I was a candidate for the nomination for Coroner at the recent primary election, and was defeated by only a few votes by Mr. Crow. He now being dead, and I having received the highest number of votes for this office, it would logically follow that I am the choice of the people for this nomination.

Your vote and influence is respectfully solicited, and I beg to say that if elected to this office, I will discharge the duties to the best of my ability; and at the end of my term no voter who has honored me with his suffrage will have occasion to be ashamed of or regret it.

Respectfully,
HARRY S. ALLEN.

PREPARING TO OPEN RUSSIAN UNIVERSITIES.

St. Petersburg, Sept. 2.—In accordance with the imperial order of April 29, the ministry of education is preparing to open September 14 all the universities and higher institutions of learning which have been closed since February, when the students struck and refused to continue their studies until political reforms and modifications of the administration of the universities were granted. A repetition of the troubles is anticipated, as, though large numbers of students who desire to resume their studies have made application to do so, the radical element, especially the socialistic students, will undoubtedly attempt to prevent the reopening of the universities, etc., especially since the government has made no change in the administrative regulations.

Another Policy Found.

Attorney W. V. Eaton, for the H. A. Rose estate, yesterday found another \$5,000 life insurance policy which was in force at the time of Rose's death. The policy was found among a lot of papers belonging to the deceased. With this amount there is total of \$37,000 insurance.

ROBBERS WORK

KNIGHTS OF THE JIMMY
VISIT RICH NEW
YORKERS.

Rich Hauls Are Made From Reports
—They Took Everything in
Sight.

New York, Sept. 2.—Another big robbery and a melodramatic arrest last night in the aristocratic residence district of West End avenue, following the discovery of a \$100,000 burglary in the home of Jos. E. Aimer, caused considerable stir last night among the police. How much loot was procured in the second case at the home of Desemour Willard, a broker, which was ransacked from top to bottom, cannot be learned.

The Willard residence is in West Eighty-first street. The thieves are supposed to have gained entrance during the family's absence late on Wednesday night or early Thursday morning. So large an amount was taken that a wagon must have been used to cart it off. The burglars took paintings, rugs, small pieces of furniture and bris-a-brac and breaking open several trunks, managed to find a case of jewels which had been hidden away.

Material for Melodrama.

The robbery of the home of Jos. E. Marshall, also a stock broker, furnished the material for a melodrama. A bicycle policeman was informed by a pedestrian that someone was prowling through the broker's house in the absence of the family.

The officer placed his wheel against a ten-foot wall surrounding the back yard, and using it as a ladder, scaled to the top. Crouching behind the wall was a man who surrendered at the point of the policeman's revolver. The officer reached down, took the interloper by the collar and raised him to the top of the wall from which the two men dropped to the street. On being searched at the station a large quantity of valuable trifles was found. The man claimed to be a French sculptor.

Another big loss of jewels was reported late last night by Mrs. Wm. C. Dewitt, the wife of the Brooklyn attorney. She stated that her trunk had been broken open at a summer hotel in Sheller Island and diamond rings valued at \$3,500 stolen. No trace of the thieves could be found.

NEGRO BULLIES CAUGHT AN-

One, Roy More.

A word of advice to the French-town negroes, do not go to Fisherville on Saturday night for "dem niggers of the south side don't take no visitin' from the north side darkeys."

Sam Hobbs, a youngster of French-town, headed not an old time custom and last night went to Fisherville to make his debut in the south side society. He had not been long at Tenth and Husbands street until he was given moving orders. Sam did not move and about a dozen, but Sam said so negroes, surrounded him and the frolic began.

In the first round Sam's life looked doomed but this was not so. Sam had brought his side companion with him, which he carried in his pocket. A long bladed knife was exhibited to act as referee, but it was too late; no referee was needed. A few swats and Sam had all the room to return home that he was looking for. All had flown but Roy More and he couldn't move very fast on account of a ghastly wound inflicted on his throat with that weapon of Sam's.

The second round was postponed on account of the arrival of Officers Singery and Hurley, who gave Sam a free ride to the city hall. Roy More went off to get his neck sowed up.

YESTERDAY'S BALL GAME.

The Hickman Nine Fell Before the
Paducah Leaguers.

The Hickman baseball club arrived here yesterday with flying colors to meet the Paducah league club, but at the end of the ninth inning of the game their feathers had fallen and they were sorry looking sights to behold. The visitors have a fast team and did some excellent playing, but their inability to hit at opportune times and the fast fielding that they had to go up against was the cause of their downfall. The Paducah team on account of being short two men were augmented by the addition of Kenny Murray and Decker, two local players of some note.

Morgan, formerly of Cairo, did the box work for the visitors and 12 Indians were made to drop the willow after fighting the air. South and Taylor, who were the fireworks for the Padukahs had seven victims to take an air shoot. The score after the diamond dust had settled and the clouds had rolled by stood Paducah, 4; Hickman, 3. Two of the scores secured by the "boys from the village by the sea" were secured in the second inning by two clean hits and Perry's error on third. There were several Cairo and other K. I. T. players with the "mountain town boys. The batteries today will be: Hickman, Lane and Brabic. Paducah, Brabic and Taylor. The game will be called at 3:30.

At Toledo yesterday Louisville was beaten by a score of 3 to 0. The batteries were Platt and Land for Toledo, and Duncle and Storer for Louisville.

ALLEGED PERJURY

LEADS TO THE ARREST OF
MADAME FLORENCE
PATTON.

Warrant of Arrest Sworn Out by
Byers Robertson—How Charge
Came About.

A warrant was sworn out yesterday afternoon before Judge D. A. Cross by Mr. Byers Robertson against Madame Florence Patton, charging her with false swearing.

The charge is alleged to have been committed in Justice Barber's court yesterday afternoon at a trial in which the Patton woman had brought suit to oust Lucille Thompson from a house on West Kentucky avenue formerly occupied by the former. Justice Barber rendered an opinion declaring Florence Patton the legal possessor of the property. An appeal, however, was taken by the defendant.

Mr. Robertson, who had the warrant issued, alleges that Florence Patton swore that she did not know when she signed a receipt from Lucille Thompson for \$50 that she was to hold the notes from collection until the Thompson woman secured the money to take up the notes. The receipt shows that the plaintiff was not to force the notes for collection and hold them until the defendant paid them off and because Florence Patton swore that such an agreement was not on the receipt was cause of the warrant for false swearing being issued.

She executed bond in the sum of \$300 for her appearance in city court Tuesday morning at 9 o'clock.

STRING HIM UP.

A Negro All But Lynched at Golconda, Ill.

Golconda, Ill., Sept. 2.—A negro porter at a leading hotel was accused by a guest of stealing \$140 from his room. Refusing to give up the money or disclose its hiding place, the negro at an early hour was taken by several persons to a secluded spot some distance from town and hanged from a limb for a brief period and then let down. Upon his promise to get the money if returned to the hotel, he was brought back to town. Here he refused to produce the stolen money, but instead gave the alarm and trapped his captors.

The negro is in jail, and three men named Clayton, Shelby and Reeves, the two former railroad men and the latter a saloon man, were arrested and placed under bond on a charge of assault with intent to kill.

A Story of Whole Cloth.

It was reported Friday and for a while yesterday that Mr. Mack Bailey Logue, who is traveling for the Paducah Queensware company, had been drowned up the Tennessee river near Savannah, but the report was of whole cloth. How such a story got into circulation is not explainable, but that it was false Mr. Logue's friends are glad to know.

—The Paducah traveling men's club met last night at the Palme House in regular session. Among other business the club passed a resolution extending to Hon. D. A. Yeiser, mayor, thanks for the interest shown in having quarantine regulations remedied with regard to Illinois and Tennessee.

—Charley Black, a negro, reported last night that he had been run over by a hack at Ninth and Washington streets and badly injured. Black was drunk and it is alleged that he run against the hack and was knocked down and bruised about the body.

CHOLERA NEXT

DISEASE IS IN GERMANY AND
AUSTRIA BOTH.

Germany Says There Is No Reason
for Alarm, but America Is
Cautious.

Berlin, Sept. 2.—The ministry of the interior has issued a notice assuring the public that there is no reason for anxiety on account of the appearance of cholera in German territory. The government has long reckoned on the present situation. A circular dispatch was sent by the imperial department of the interior, to the Confederate states in January calling attention to the possibility of cholera and requesting them not to be unprepared to deal with the infection.

"Resisting the spread of cholera," the official declaration says, "has become much easier under the imperial epidemic law of June 30, 1900, giving the health police proper powers. These powers have been fully exercised in requesting persons who have cholera or have been exposed to it or who have doubtful symptoms and in watching over persons and property employed in traffic on the rivers Weichsel, Brahe and Netze and on the Bromberg canal."

Officially Announced.

Berlin, Sept. 2.—The Reichsanzeiger officially announced this afternoon that forty-three cases of cholera and seventeen deaths had occurred in Germany up to noon.

Prior to Sailing.

Bremen, Sept. 2.—The United States board of immigration has ordered that all steerage passengers for the United States shall be at the port of embarkation six days prior to sailing.

Transportation Forbidden.

Hamburg, Sept. 2.—On account of the appearance of cholera the police authorities have forbidden the transportation through Hamburg of Russian emigrants until further notice.

None in Empire.

St. Petersburg, Sept. 2.—The health department reiterated today its assurance that there is no cholera in the empire, including the Vistula district. The Minsk district has just reported again that no cases of cholera have been discovered there. A special investigation is being conducted in the Warsaw district. The authorities are again tracing the course down the Vistula of the raft on which two cases of cholera occurred in April last while descending the river from the government of Minsk to Calm, West Prussia.

Appears at Tarnoff.

Warsaw, Russian Poland, Sept. 2.—It is reported here from Yanoff, Galicia (Austria), that cholera has appeared in the neighborhood of Tarnoff. Three deaths from the disease were registered in one day.

Fisherman Drowns Himself in Ballard County by Reckless Overturning of Boat.

A SERIOUS CUTTING AFFRAY IN CARLISLE

(Mayfield Monitor, 1st.)

A holiness tent meeting will begin Sunday, September 3, at a point five miles from Mayfield on the Mayfield and Dukedom road. The preaching will be done by Mrs. Alice Cowan and the meeting probably continue ten days.

Malaria fever is quite bad in and around Mayfield and in several homes the entire family is down with it. Ike Haynes, who lives in the Kennedy addition, is confined to his bed with fever, as is Mrs. Haynes and the two children.

Miss Mahan, the mountain evangelist, is preaching at 3 and 8 p. m. Those of our readers who want to hear something good ought to go to Trinity. Miss Mahan not only impresses her hearers with the fact of her acquaintance with the Bible, but with her earnestness as a Christian worker for men and women.

Last Saturday evening about 10 o'clock Mrs. Ervin Dunn, of Slater, passed from life unto death. She had been in poor health for some time, yet her death was a shock to the whole community.

Mr. Kelsener, of Uniontown, Ky., who recently purchased the 8,000 acres of timber in the bottoms around here from the Henderson Syndicate, was in the city this week trying to rent a house. Mr. Kelsener proposes to erect three or four sawmills on the land at once.

Thos. H. Turner, one of the best citizens of Ballard county, who has lived on his elegant farm near Slater for the past thirty-five years, a member of the Methodist church, a Mason and a good man, died at his home Monday, August 28th, after an illness of only a few days of congestion of the stomach.

William Henderson, of Blandville, who has been working for the government in Arkansas for some time, was brought in home this afternoon with his back broken and badly cut, and from here taken to his home at Blandville. It seems that Mr. Henderson was sitting with his back resting against a box car, when a freight backed in on the side track and caught him. He is said to be in a very serious condition.

Elmore Enlow, the 10-year-old son of Mr. and Mrs. D. R. Enlow, while playing on top of a car on the Illinois Central dump which runs through this city, fell and dislocated an arm in a frightful manner last Sunday afternoon. In falling the arm was thrown backward, the elbow joint flying out, breaking one of the main arteries of the arm. Besides suffering intense pain, the breaking of the blood vessel came near causing the little fellow to bleed to death.

J. C. Hill, keeper of the club house on Prairie Lake for the Wickliffe Fishing club, was drowned in the lake early Sunday morning. He was in a boat with Tom Davenport running a trot line, and Davenport claims that Mr. Hill deliberately turned the boat over. Coroner Enlow went up Sunday and held an inquest. The jury found that both men were intoxicated, and from the evidence adduced at the trial found that Hill came to his death by accidental drowning. It seems that in turning the boat over Hill got under it and was not able to get out, while Davenport landed on top of the boat and

remained until rescued. Deceased leaves a wife and several small children.

(M. S. Porter in Bardwell News.)

Last Sunday night at W. T. Rose's in Arlington, while all the folks were attending church, the parlor raving been left without a soul in it, the piano began to play. We could hear it from any part of the house or yard. Mrs. Rose sent one of the children in the house to see what it was. When the child got to the door he could plainly see that there was not a soul in the room, but the piano played on just the same. The child stood at the door and looked and listened with astonishment until the music had ceased. I was out in the back yard and could hear the music plainly. The piano was across the room from the door, and I was in front of the door.

Sayres Castleman was dangerously wounded by Grigg Hayden at the residence of Dudd Hobbs, near Kirbyton, Saturday night. Hayden lives in Graves county, near Fancy Farm, and Castleman is a resident of Carlisle county. Saturday night they met at Mr. Hobbs' where an ice cream supper and a dance was in progress. They engaged in a quarrel which led to a fight and in the melee Hayden slashed Castleman across the bowels with a knife. The keen blade penetrated to the hollow and when last heard from the chances for the wounded man's recovery were very slim.

Danger in Antiseptics.

(New York Press.)

A popular misconception of the antiseptic theory is resulting in a new affliction—carbolic gangrene," said a physician. "It is caused by excessive use of carbolic acid on common cuts and bruises, and sometimes the tissues actually begin to rot before the case comes to the physician. The carbolic acids in every case applied at home, where some member of the family has grasped the fact that the acid is an antiseptic, but does not know the other fact that it can do great damage if it is used to excess. Going on the principle that there cannot be too much of a good thing, these people are not content with simply bathing the wound in the antiseptic, but soak a cloth and bind it on the injured part. As a result the tissues around the wound soon begin to rot, and in a week the arm or leg is in a terrible condition. If allowed to continue we would have to do some cutting to save the person's life.

"We are sending such cases to the hospital now, where they will have the most careful treatment, but it was some time before we actually woke up to the danger of this home use of carbolic acid. Patients have been very much surprised when I have explained that they would have had no trouble from their wound if they had left it alone, and invariably say, 'Well, I didn't want any blood poison in mine, so I just slapped on an antiseptic.' If people will insist upon treating themselves with carbolic acid they should tell their druggist for what use it is intended and get him to instruct them how to use it."

BIGINS TOMORROW

September Criminal Term of Circuit Court.

TO CONVENE WITH HUNDRED CASE DOCKET.

The Willis Mount Murder Case and Mrs. Brockwell's Case of Leading Interest.

OTHER CASES OF USUAL MINOR CHARACTER.

The regular September criminal term of circuit court will convene tomorrow morning in the county court house.

The interior of the court house has been newly painted, papered and repaired in many ways that makes it present a much cleaner and more beautiful appearance. The hall floor was oiled Saturday afternoon. All this work shows the labors of an experienced workman and reflects much credit on all.

Judge W. M. Reed has returned from the springs and is greatly improved in health and will be on hand to call the court to order.

There are about a hundred cases on the docket but it is not thought that the whole time will be consumed in disposing of them. The case that will take the longest to try will be that of Willis Mount, charged with murder, and it is expected to be tried at this term. It has been set for the seventh day of the term.

There are fourteen indictments to be heard which were returned against Paducah merchants for selling or furnishing cigarettes to a minor. There are quite a number of cases against saloon men of the city for furnishing liquor to minors.

The Docket.

Among the list of cases set for trial at the approaching term of court are the following:

Sam Story, forfeiture, two charges.

L. L. Nelson, forfeiture.

Sam and Jas. Bryant, forfeiture.

Jesse B. Moss, converting money of another.

W. E. Baker and Pete Goodfellow, gaming.

Mrs. A. Wyatt, appeal.

L. A. Lagomarsino, keeping tavern without license.

James Rickman, keeping open bar-room on Sunday.

Sherman Lundermilk, grand larceny.

James Butler, uttering forged check.

Lindo Murphy, grand larceny.

Anderson Trice, robbery.

Jas. Woody, obtaining money by false pretense.

Mrs. Mary Brockwell, murder.

Jim Wilkins, malicious shooting.

J. M. Elliott, forgery.

Albert Busk, robbery.

William Jones, malicious shooting.

Frank Walston, selling liquor on Sunday.

Gib Parks, gaming.

Gib Parks and John Madden, gaming.

Clovers Walters, Wyatt McNeeley and F. M. Morrison, gaming.

Charles Adams, furnishing liquor to a minor.

Chas. Batzblatt and Wm. Gordon, Sabbath breaking.

Rufe Neece, murder.

Florence Patton, renting house to a bawd, two cases.

George Thomas and George Grace, breach of the peace.

Wil Jones, nuisance.

John Johnson, breach of the peace.

Frank Eastwood, bawdy house.

Standard Oil company, keeping oil depot without a license, four cases.

J. A. Bloodworth, nuisance.

J. A. Bloodworth, selling liquor without license, two cases.

J. A. Bloodworth, furnishing liquor to a minor.

Cal Hinton, nuisance.

Cal Hinton, furnishing liquor to a minor, two cases.

Robert Caldwell (col.), converting property.

SITUATION IS AMICABLE.

French Reply to German Note on Morocco is Delivered.

Paris, Sept. 2.—The French reply to the German note on the subject of Morocco was delivered to Prince Radolin, the German ambassador, today. The situation is described as being amicable and it remains only to fix the date and place for the international conference. The sultan of Morocco calls attention to the fact that the original invitation to the powers to attend a conference fixed on Tangier as the place and laid down the programme desired.

HARGIS' SECOND TRIAL MAY BE CONTINUED.

Lexington, Ky., Sept. 2.—The second trial of Judge James Hargis for the alleged assassination of James Cockrell in Jackson will be called here next week. Judge Hargis will announce ready, but it is probable that the commonwealth will ask for a continuance until the court of appeals shall have passed on Circuit Judge Watts Parker's instructions touching the allegation of conspiracy.

THE P. T. M. A.

(Specially Reported.)

Mr. H. C. Hoover, secretary, returned from a three weeks trip through Tennessee yesterday, reporting business fine. He says the carnival will get large attendance from that territory.

Brother Louis Cornilland is in the city today. He says he is selling buttons, now and then, and gets a good price for them. Louis is a salesman, as proven by his ability to sell buttons for \$5 each. How many of our members can do as well?

Brother Louis Bartlett was in the city yesterday, but left this morning on his trip. He says he will be here to take hand in the Fall carnival.

Bro. J. F. Fitzgerald is at Hotel Lagomarsino today and says business is good.

The following hotels are represented with buttons to date, as reported by the boys: Halliday House, Cairo, Ill. three; Southern Jackson, Tenn. one; Hotel Julian, Hettropolis, Ill. one; Hotel Hall, Mayfield, Ky. one.

Brother Milton Sanchez has been on the sick list this week, but is able to be up today and working.

Mr. E. C. Talbot, general representative and advertising man will arrive Monday to begin the work of advertising the fall carnival throughout the western portion of Kentucky and Tennessee. He states everything looks encouraging and he anticipates a very large attendance at the carnival here.

Our members will do a special favor to the secretary by answering letters recently sent them with regard to carnival matters, and as some of you are out on the road as soon as you get your letters, please let us have your reply as soon as received. We have unlimited work on hand to do before the carnival.

Brother M. E. Ham, the largest P. T. A. M. member, is in the city, and says the Ingelhart Bros. of Evansville, Ind., have not forgotten the Paducah P. T. M. A. and has something we can use.

Brother R. C. Benner is expected home from the east in a few days.

Brother T. S. Goff was in Jackson, Tenn., this week on his regular trip. He says he is selling the goods.

Brother G. F. Buchanan was seen at Fulton, enroute to Clinton, a few days ago. Buck is a hustler all right.

Brother Paul Province is reported to have accepted a position in Chicago, Ill., and now travels out of there.

Our friend Hugh McKnight has been working the Tennessee territory for the last few weeks and says he is selling "Forked Deer Tobacco" as never before.

Brother J. C. Rieke returned home from Tennessee territory Saturday.

Our members who desire to help the carnival will call on Secretary Hoover for carnival advertising matter that they can carry with them to leave in the hotels.

Our members are requested to register at the hotels as P. T. M. C. Carnival 1905. Some of you forget, we notice.

Brother Ben Guedry was in the city Friday working trade.

Brother I. W. Dobbins, of the Belknap force, was here Saturday and says he is trying to sell buttons. Hope you do, Brother Dobbins.

Brother E. B. Hamlett, now of Memphis, reports he is selling coal, coal and nothing but coal.

We would like to have a report from the boys as to whether or not they will be here during the week of the carnival. We have places we can use you part of the week if not all.

The Sun Flower special of the great Parker Amusement company will arrive in this city on the night of September 24, carrying the largest carnival aggregation that has ever visited this city, and we are proud to know we have secured such a clean aggregation for our carnival. Every report from every town says they are clever people and have a clean show from start of finish.

FULL AGREEMENT

Expected Between Norway and Sweden as Result of Conference.

Copenhagen, Sept. 2.—It is expected that the negotiations between Norway and Sweden will soon result in a full agreement on the subject of the dissolution of the union. Well informed persons presume that Sweden will give up her claim for the razing of the forts on the Norwegian frontier, being satisfied if the forts are not armed. The Swedish court favors the candidacy of Prince Charles, of Sweden, for the Norwegian throne, but it is not certain that the Riksdag will accept the Norwegian offer of 700,000 crowns yearly as an allowance for the eventual king.

Two Trade Secrets.

There are two trade secrets that the outside world, it seems, will never learn. One is a Chinese secret—the making of the bright and beautiful color called vermilion, or Chinese red; the other is a Turkish secret—the inlaying of the hardest steel with gold and silver. Among the Chinese and among the Assyrians these two secrets are guarded well. Apprentices, before they are taken for either trade, must swear a strong oath to reveal nothing of what passes in the workshop. These apprentices, furthermore, must belong to families of standing.

DO NOT FEAR SUN

Prof. Darwin Says Earth
Will Last Forever.

CELESTIAL EVOLUTION
FULLY EXPLAINED.

Age of Moon Believed to Be Some-
Where Near A Thousand Mil-
lion Years.

GREAT MYSTERY YET
TO BE SOLVED.

Johannesburg, South Africa, Sept. 2.—President George Howard Darwin of the British association, in his address here Thursday last on "Celestial Evolution," brought forward the results of scientific research to prove that the earth and sun were immortal bodies and that they were in no danger of colliding. President Darwin also touched on the creation of the moon, holding that the moon once may have been a part of the earth, becoming an independent body from 500,000,000 to 1,000,000,000 years ago. Professor Darwin said there were certain perpetual orbits in which a meteoric stone, or minor planet, might move forever without collision. But when such an immortal career had been discovered for our minor planet, it still remained to discover whether the slightest possible departure from the prescribed orbit would become greater and greater, and ultimately lead to a collision with the sun or Jove, or whether the body would travel so as to cross and recross the exact perpetual orbit, always remaining close to it.

Is Earth Stable.
If the slightest departure inevitably increased as time went on, the orbit was unstable; if, on the other hand, it only led to a slight waviness of the path described, it was stable. Thus they arrived at another distinction. There were perpetual orbits, but some, and indeed most, were unstable, and these did not offer an immortal career for a meteoric stone; and there were other perpetual orbits which were unstable or persistent. The unstable ones were those which succumbed in the struggle for life, and the stable ones were the species adapted to their environment.

There was hardly room for doubt that if a complete solution for our solar system were attainable we should find that the orbits of the existing planets and satellites were numbered among the stable perpetual orbits.

Professor Darwin sketched the evolution of a rotating liquid planet like the earth, which was the first stable species of our family, and dealt with the influences of tidal oscillations. In the retrospect both day and month were identical continuously shortening. The system might be traced back to a time when the day and month were identical in length and were both only about four or five of our present hours.

Moon at the Beginning.
The identity of the day and month meant that the moon was always opposite to the same side of the earth. Thus at the beginning the earth always presented the same face to the moon, just as the moon now always shows the same face to us. Moreover, when the month was only some four or five of our present hours in length the moon must have been only a few thousand miles from the earth's surface—a great contrast with the present distance of 240,000 miles.

It might well be argued from this conclusion alone that the moon separated from the earth more or less as a single portion of matter at a time immediately antecedent to the initial stage to which she had been traced. But there was yet a more weighty argument favorable to this view, for it appeared that the initial stage was one in which the stability of the species of motion was tottering, so that the system presented the characteristic of a transitional form, which would denote a change of type or species.

Thousand Million Years Old.
Discussing the time occupied by the sequence of evolutionary events sketched, Professor Darwin said that at every moment since the birth of the moon tidal friction had always been at work in such a way as to produce the greatest possible effect we should find that 600,000,000 years would be consumed in this portion of evolutionary history. The true period must be much greater, and it did not even seem unreasonable to suppose that 500,000,000 to 1,000,000,000 years might have elapsed since the birth of the moon. Such an estimate would not seem extravagant to geologists. Pure geology pointed to some period between 500,000,000 and 1,000,000,000 years, the upper limit being more doubtful than the lower. Thus they did not find anything which rendered the tidal theory of evolution untenable.

Professor Darwin said that recent marvelous developments in physics showed that concentration of matter was not the only source from which the sun might draw its heat. Radium was a substance which was perhaps millions of times more powerful than dynamite. Thus it was estimated that

an ounce of radium would contain enough power to raise 10,000 tons a mile above the earth's surface.

Sun Radio-Active.
We know that the earth contains radio-active materials, and it was safe to assume that it forms in some degree a sample of the materials of the solar system; hence it was almost certain that sun is radio-active also. This branch of science was yet in its infancy, but they already saw how unsafe it was to dogmatize on the potentialities of matter. Passing on to the wider fields of the stellar universe, Professor Darwin said the conviction was forced on them that the wispy clouds represented the earliest stages of development, the more condensed nebulae a later stage and the stars themselves the last stage.

Great Mystery Remains Unsolved.
"We have seen that it is possible," concluded the speaker, "to trace the solar system back to a primitive nebula with some degree of confidence and that there is reason to believe that the stars in general have originated in the same manner. But such primitive nebulae stand in as much need of explanation as their stellar offspring. Thus, even if we grant the exact truth of these theories the advance toward an explanation of the universe remains miserably slight. "We may indeed be amazed at all that man has been able to find out, but the immeasurable magnitude of the undiscovered will throughout all time remain to humble his pride. Our children's children will still be gazing and marveling at the starry heavens, but the riddle will never be read."

Professor Darwin is the second son of the late Professor Darwin. He is professor of astronomy and experimental philosophy at Cambridge.

Again Corsets.

Straight-front corsets are going out. At least so the dressmakers have decreed, and their usually stupid and time-serving word is law. The round kind, whatever they be called, that crush all the organs into the space of one, are to be restored, to give variety to the female form and work to the profession which flourishes by making new garments while the old are still as good as new. Modern male dress is ugly and hygienic. Modern European and American female apparel substitutes an artificial idea of beauty for one which was good enough for Phidias. In place of a covering which respected the functions and needs of a healthy female animal, our women have invented a cage to decrease their vitality and make a natural life difficult and rare. Sheep rush madly about a pasture, not in search of any comprehensive ideal, but because one sheep started, and emotion increases with each sheep that joins. Likewise reasonable is the tendency of women to imitate an hour-glass in spite of nature. The straight-front corset has been perfectly satisfactory to her, and she has no idea why she is about to give it up.

Excursion to Philadelphia.

On account of the Patriarchs Militant and Sovereign Grand Lodge I. O. O. F., the Illinois Central Railroad company will, on September 13, 14 and 15 sell first-class tickets from Paducah to Philadelphia, Pa., and return for \$23.25. Tickets good only for continuous passage in each direction and must be deposited with the joint agent in Philadelphia immediately upon arrival and will be good on the return trip not earlier than September 16, nor later than September 25th. An extension of limit until October 5th may be obtained upon payment of a fee of \$1.00. For further particulars apply to J. T. Donovan, Agt., Paducah, Ky. G. C. Warfield, T. A., Union Depot.

How is This Charging Charge, Cairo?

(Wickliffe Yeoman, 1st.)
The health officers of the state of Illinois and their pimps over at Cairo certainly ought to be perfectly satisfied with their bottled quarantine regulations. While no sane man objects to a rigid quarantine under the circumstances, and we confess our own state board has displayed about as much sense as a three-year-old bird's nest, the 25c, 50c, \$1.00, \$2.50 and \$5.00 graft quarantine at Cairo would cause a copper-lined stomach to spit up its contents. We need some sort of quarantine regulation here, but we don't need the graft quarantine.

G. A. R. at Denver, Col.

On account of the National Encampment of Grand Army of the Republic, the Illinois Central Railroad company will sell tickets from Paducah to Denver, Col., and return, on August 30th to September 4th, inclusive, for \$20.30, good returning until September 12th. Tickets must be deposited with joint agent at Denver immediately upon arrival. An extension until October 7th can be obtained upon application and upon payment of an additional fee of 50 cents. For further particulars apply to J. T. Donovan, Agt., Paducah, Ky. G. C. Warfield, T. A., Union Depot.

Wallace Park to Be Scene of Many
Hours and Incidents of
Pleasure.

THE OBSERVANCE
WILL BE GENERAL.

Paducah's grandest Labor Day celebration will take place at Wallace park tomorrow and the day will be celebrated by most everybody in the city. Most all the business houses will close their doors.

The grand parade, composed of representatives of labor organizations city officials, fire department, symbolic and comic floats, music and many other attractive features will be worth going miles to see. The line of march will start from Second and Jefferson, then go west to Ninth, south to Washington, east to Third, north to Kentucky avenue, east to First, north to Broadway and west to Ninth.

There will be amusements of all kinds on the grounds and a high carnival in the park from noon until mid night.

The contest for the crowning of the Goddess of Labor promises to be quite interesting. The winner of the contest is to be presented with \$25. The contest closes at 9 p. m. tomorrow night and the presentation and crowning ceremonies take place as soon as the vote is announced and the prize awarded.

A \$65 brass bed will be raffled off. It can be seen on exhibition at Rhodes, Burford & Company.

There will be musical concerts throughout the entire day.

There will be a fancy nail driving contest by members of the Carpenters' and Joiners' Union and three handsome prizes will be awarded.

The skill in pole climbing will be illustrated by the Electrical Workers' union.

Prizes will be given in a girls' blindfold race and the boys sack race. There will be boys swimming and diving races, tub race and apple eating contest. Other minor sports for the amusement of the people will be catching a greased pig, climbing a greased pole, wheelbarrow races, long backward and high jumping and quoit pitching.

There will be a big barbecued dinner on the grounds and refreshments of all kinds, but no intoxicating liquors will be sold.

At night there will be an electrical illumination and pyrotechnic display.

The country store, in charge of Mr. Harry George, will contain many handsome and useful prizes.

There will be an admission price of ten cents for admission to the park.

FLESH OF DEAD RELATIVES

Dish Which French Officials Made Congo Natives Eat.

Paris, Sept. 2.—As a result of the investigation of Count De Brazza, the African explorer, into the charge of brutality against natives of the French Congo, the government announced today that the two chief colonial functionaries, M. Gaul and Toque, have been sentenced to five-years' imprisonment. The charges included compelling the natives to eat a dish made of the flesh of dead relatives and also exploding cartridges into the bodies of natives.
